THE F. W. KELSEY NURSERY CO.

is a Merchant Nursery Corporation. Our stock is grown by experts throughout this country and Europe. We thus have unlimited sources of supply, enabling us to furnish complete lists of preferred nursery stock on the most favorable terms, and making possible a far wider selection than obtainable from any single nursery or many nurseries combined.

OUR BUSINESS IS NATIONAL in scope, and we are regularly furnishing large lists of "EVERYTHING WORTH PLANTING," on large orders from North, South, East and West, often containing items which are not in general commerce and rare species and specimens not obtainable from regular sources. See "FOREWORD," page 2 of our Catalog.

We are always prepared to give special quotations on planting lists, and inquiries entail no obligations to purchase.

THIS PRICE LIST contains but a small part of the excellent stock we furnish in wholesale quantities at lowest prices for the grade and quality.

STOCK in limited supply is quoted subject to being unsold on receipt of order.

PRICES herein quoted are for 100 lots, viz.: not less than 50 of a kind. See last page.
